

1. Remove rocks, branches and other sharp objects from the area you will lay on. Spread the shaver evenly on the ground.

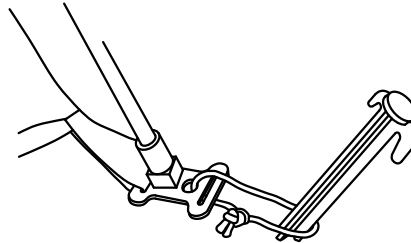

2. With central hub upright, unfold the poles and lock the joints.

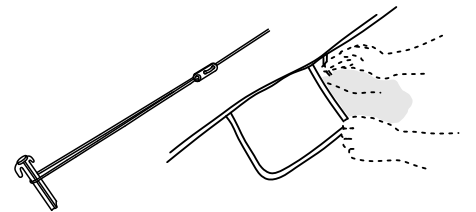

3. Standing behind the shelter grab the top orange drawstrings, one per hand, and slightly open the mechanism.

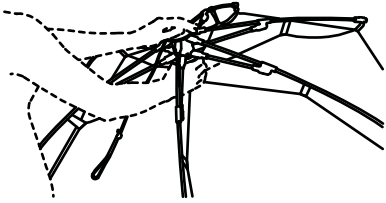

4. Pull the drawstrings firmly till upper and lower parts of the hub connects and the shaver takes its shape.

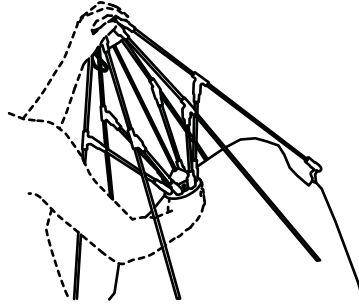

5. Secure the shaver to the beach ground by inserting the included pegs in the appropriate housings at the end of each pole.

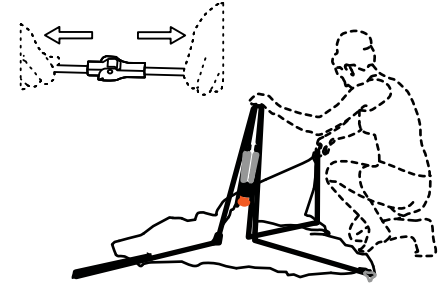

6. For extra stability secure the shaver to the ground with the outer cords and fill with sand or pebbles the perimetrical outer pockets.

1. Remove all the pegs and empty perimetrical pockets. Hold the top hub with one hand and hub orange handle with the other.

2. By holding top hub, push down the orange handle till mechanism opens and the shader collapses.

3. Unlock the joints and fold the poles on themselves.

4. Wreathe exceeding fabric around the mechanism and place the shader in the carry bag.

#### Maintenance and storage instructions:

- Only water should be used when cleaning the fabrics.
- The stains should be treated locally and separately.
- The beach shader must be dry and clean before storing.
- Poles and pegs should be stored in their cases.
- Select a dry and shady place to store the beach shade.
